github.com/Yeetogami | yeetogami.framer.website

Profile

- Final-year B.Tech (CSE) with hands-on experience building data pipelines, automation workflows and real-time dashboards. Proficient in Python, Pandas, ETL patterns, n8n and Power BI; use GenAI (GPT, Gemini) to speed analysis.

Education

VIT Bhopal University — B.Tech, CSE (Software Eng.)

2022 – 2026

- CGPA: 8.29/10

Bhopal, India

Selected Projects

IoT Health Dashboard — SpO₂ & HR

Mar 2025

- Built end-to-end pipeline (MAX30102 + ESP8266 → ThingSpeak → web dashboard). Cleaned aggregated data; added alerts and clinician visualizations. **Code:** <https://github.com/Yeetogami/heart-remote>

n8n Workflow Automation — LinkedIn → Email

Aug 2025 – Sep 2025

- Self-initiated ETL-like pipeline extracting and enriching leads from LinkedIn and triggering personalized outreach; includes retry/error handling and saved hours/week.

GyaanMitra — AI Learning Platform (Hackathon)

Apr 2025

- Production-ready learning site with GenAI-driven content recommendations and adaptive flows. **Code:** <https://github.com/Yeetogami/GyaanMitra>

Experience & Leadership

Design Team Lead, Freelancing Club

Jan 2024 – Aug 2025

- Founded and scaled the design team; defined processes, mentored members, and led social campaigns in coordination with marketing and tech.

Creative Team Member, Cisco Community

Oct 2023 – Oct 2024

- Designed event assets and outreach materials; supported branding and increased participation.

Hackathons & Certifications

FinGen AI (Winner)

2024

- Custom GPT LLM for financial insights; prompt engineering and evaluation.

Odoo Hackathon (Finalist)

2025

- ERP workflow enhancements. **Code:** <https://github.com/Yeetogami/Odoo-hackathon-2025>

Certifications

- User Interface Design — IIT Delhi (2024); Cloud Computing — SimpliLearn

Technical Skills

Languages

Python, SQL (basic), Pandas, NumPy

ML/Analysis

EDA, visualization (Matplotlib), basic supervised models, A/B testing

Tools n8n, Power BI, ThingSpeak, Excel

Web/Cloud Flask, REST APIs, DB integration, cloud fundamentals

Additional

- Open to internships / early-career roles in Bengaluru, Pune, Noida, NCR or remote. Available to start immediately.
